

Total Trainer FAQ's: One of my Pilates resistance bands has broken; can this be replaced?

Yes, these are easily replaced. Please review the PDF attachment below for more information. If you need to purchase new bands please phone us during normal business (8A-5P CST, Monday-Friday, excluding US secular holidays) at 1 800 847 3988. The TPR Tubing (part number 129) is the only part that may be purchased but the grab tab and anchor from the original bands may be simply added to the new band with the included zip ties.

Unique solution ID: #1042
